Photo	Breed	Origin	CPL Status	Purpose	Adult Weight M/F	Color	Litter Size	Temperament	Mothering	Experience	Notes
	<b>Giant Chinchilla</b>	United States	Watch	Meat & fur	12-15/13-16	Silvery, white and black tipped (Chinchilla)	7-8	Docile	Good	Novice	Requires platform in cage to prevent sore hocks; quick growth rate; large size requires bigger cages
	<b>Harlequin</b>	France	Study	Exhibition & meat	6.5-9/7-9.5	Black, blue, chocolate, or lilac	3-5	Docile	Good; will foster kits as well	Novice/intermediate	Kept mostly for exhibition, but size produces a decent carcass for meat; playful and intelligent; color patterns hard to perfect
	<b>Lilac</b>	England	Watch	Meat & fur	5.5-7.5/6-8	Dove gray with pink tint	4-6	Docile	Variable	Novice	Does better in cooler climates; slow to mature, but hardy
	<b>Palomino</b>	United States	Watch	Meat & fur	8-11	Golden or Lynx		Docile		Novice	Fast maturing, hardy rabbit
	<b>Rhinelander</b>	Germany	Watch	Exhibition	6.5-9.5/7-10	Black & orange or blue & fawn	10	Active but docile; intelligent	Good to variable	Intermediate	Color pattern a challenge to perfect; owners train rabbits to run and pose for the show table
	<b>Silver</b>	Portugal; possibly early Thai breed before that	Critical	Exhibition	4-7/4-7	Black, brown, or fawn with silver ticking	3-6	Docile but active	Variable	Novice / intermediate	Small size makes them easy to handle; seasonal breeders, giving birth in Spring and Fall
	<b>Silver Fox</b>	United States	Recovering	Meat & fur	9-11/10-12	Black or blue with silver ticking	7-8	Docile	Good	Novice	Rapid growth; fur stands upright if pushed that way and does not fall back like other rabbit coats
	<b>Silver Marten</b>	United States	Critical	Exhibition	9.5	Black, blue, chocolate, sable		Docile		Novice / intermediate
